Skills

- ★ C/C++, Java, Javascript, Python, Typescript
- ★ Data Structures and Algorithms
- ★ Computer Networking, Operating System
- ★ Digital Electronics,
- ★ Html-5 css-3 , scss and sass Bootstrap, Tailwind css and Ant Design
- ★ React , React Routing , Redux
- ★ Git/Terminal/Linux and Github
- ★ Bootstrap, Tailwind css ,Material UI, Shad-CN
- ★ Framer Motion/Three.js and WebGL
- ★ Typescript and Form Handling with ZOD
- ★ Node-Js , EJS
- ★ Html-5 css-3 , scss and sass
- ★ Database Management Systems and SQL

Languages

Conversational English
Urdu
Hindi

Summary

Passionate and highly skilled full-stack developer with expertise in modern web technologies. Proficient in **JavaScript, TypeScript, Python, C/C++, and Java, with a deep understanding of data structures, algorithms, and backend development. Strong knowledge of React, Next.js, Tailwind CSS, Material UI, Redux, Git, and Linux.** Experienced in Node.js, databases (SQL & NoSQL), API development, and form handling with Zod.

Actively working on **AI and crypto-based projects**, alongside **freelancing and individual projects**. Well-versed in computer networking, operating systems, and digital electronics. Passionate about building scalable, high-performance applications and continuously exploring new technologies in AI, Web3, and software engineering.

Experience

- Building and maintaining the user interface of a website or application
- A highly skilled full-stack developer, AI enthusiast, and freelancer with expertise in modern web technologies, blockchain, and AI-driven applications.
- Data Structures & Algorithms: Proficient in problem-solving using any modern programming language
- Collaborating with designers to ensure UI/UX requirements are met
- Writing clean, efficient, and maintainable code using **React, Tailwind css, Material UI, JavaScript and Typescript**
- Optimizing frontend performance by minimizing file sizes and reducing server requests
- Core CS Subjects: Computer Networking, Operating Systems, Digital Electronics, Database Management Systems
- Working closely with backend developers to integrate frontend code with serverside logic
- Seamless deployment tools **Vercel , Netlify , Github Pages, Cloudflair** etc
- Conducting code reviews and providing feedback to other developers
- Troubleshooting and resolving crossbrowser compatibility issues
- Collaborating with the marketing team to implement tracking and analytics tools

Education

Bachloer of Computer Science (BCA)
Govt degree collage Kupwara (Kashmir University)

Present Final Year

Soft Skills

- Problem Solving
- High learnability
- Flexibility
- Curiosity
- Intresting on New Technologies
